Re: In The Matter of Richards Energy Group, Inc. For A Certificate to Provide Electric Supply Services within the State Of Delaware (Submitted February 15, 2019) - PSC Docket No. 19-0097

Dear Mr. Richards,

The Delaware Public Service Commission ("Commission") is in receipt of the application (the "Application") submitted by Richards Energy Group, Inc. ("Company") for certification to broker electric supply services in Delaware. The Application is incomplete as filed and additional information is necessary. Please submit the following:

Section 2.2.19 Retail Experience

- Please provide complete professional résumés for Frank Richards, Peter Richards, and Tara Norby complete with years of service, duties performed for each position held, and the years each person became certified as an Energy Procurement Professional.
- Please provide a Commission Order approving licensure in the state of Pennsylvania.

Section 2.5 Verification of Application

- Please provide a signed, sworn statement of verification for each subsequent filing in this docket.

The Company may request that the Commission provide confidential treatment to some or all of the information contained in a document. When requesting confidential treatment for documents filed with the Commission, please simultaneously file a redacted, public version of the same document and an attestation that the information is not subject to inspection or disclosure to the public.

Staff respectfully requests a response to this notice of deficiency on or before June 7, 2019. Please note that 26 *Del. Admin. C.* § 3001 (the "Supplier Rules") section 2.4 provides that incomplete applications will be closed four (4) months after the filing date. If the application is not completed within the four (4) month time frame the applicant forfeits their application filing fee and must resubmit the application with an additional filing fee. The responses and verifications can be uploaded as a subsequent filing in DelaFile under Docket No 19-0097.

Should you have any questions or if I can be of any assistance you may contact me at (302) 736-7539 or send questions by email to Clishona.Marshall@delaware.gov.

Sincerely,

Shona Marshall

OPINION AND ORDER

BY THE COMMISSION:

DOCKETED
JAN 25 1999

On May 6, 1998, Frank J. Richards, P.E. d/b/a The Richards' Energy Group filed a License Application to operate as a broker/marketer of electric generation and related services. This filing was made pursuant to the provisions of Section 2809 of the Public Utility Code, 66 Pa. C.S. § 2809. In its original application, The Richards' Energy Group requested a modification of the bonding requirements as required by item #20 of the license application consistent with Section 2809. On July 9, 1998, we issued an Order denying the application without prejudice. On July 23, 1998, The Richards' Energy Group filed a Letter Petition for Reconsideration. On October 19, 1998, we denied the Letter of Petition for Reconsideration. In response, on December 29, 1998, The Richards' Energy Group filed five \$50,000 bonds in support of its application as required by item #20 of the license application.

Frank J. Richards, P.E. d/b/a The Richards' Energy Group is an independent consultant providing energy and engineering services to industrial, commercial and institutional clients. The Richards' Energy Group developed an electric users group, called REAP (Richards' Energy Affinity Program), to present a diverse, high load factor load to suppliers to obtain favorable pricing and terms for the group.

The Richards' Energy Group has stated that upon the approval of this Application, it proposes to provide services to commercial and industrial and institutional customers in all counties within the Commonwealth of Pennsylvania.

The Richards' Energy Group has provided proofs of publication from the Pennsylvania newspapers in which it was required by the Commission to publish its notice of application.

Through responses to items 24 and 25 of its license application, which include its income statement and Dun and Bradstreet credit report, The Richards' Energy Group demonstrated its technical and financial fitness in order to be licensed to operate as an electric generation supplier in Pennsylvania.

The Richards' Energy Group has furnished five \$50,000 bonds, totaling \$250,000, as required by item #20 of the application.

As of January 4, 1999, no protests have been filed.

We find that the applicant:

1. Is fit, willing and able to properly perform the service proposed in conformance with applicable provisions of the Public Utility Code and the lawful Commission orders and regulations, specifically including 52 Pa. Code Chapter 56 (relating to Standards and Billing Practices for Residential Utility Service).
2. Has agreed to lawfully abide by all Commission regulations, procedures and orders, including Emergency Orders which may be issued verbally, or in writing during any emergency situations that may unexpectedly develop from time-to-time in the course of doing business in Pennsylvania.
3. That the proposed service to the extent authorized by the license, will be consistent with the public interest and the policy declared in the Electricity Generation Customer Choice and Competition Act.

Upon full consideration of all matters of record, we find that approval of this application is necessary and proper for the service, accommodation and convenience of the public;

THEREFORE,

IT IS ORDERED:

1. That the application of The Richards' Energy Group is hereby approved, consistent with this Opinion and Order.
2. That a license be issued authorizing, The Richards' Energy Group, the right to begin to offer, render, furnish or supply electric generation supplier services to the public within the Commonwealth of Pennsylvania.

3. That this proceeding at Docket No. A-110072 be closed.

BY THE COMMISSION,

James J. McNulty
Secretary

Effective December 14, 2000, Travelers Casualty and Surety Company of America ("Travelers") replaces Reliance Insurance Company ("Reliance") as surety on the above referenced bond and, accordingly, agrees to be bound by the terms of the above referenced bond and to perform all of Reliance's obligations thereunder as if the above-referenced bond had originally been issued by Travelers. The termination of liability under the Reliance bond is a condition precedent to the change of surety. Upon execution of this Surety Bond Endorsement by all parties hereto, Reliance shall have no further obligation or liability under the above-referenced bond.

CONTINUATION CERTIFICATE

This certificate extends the life of the bond to _____. It is executed upon the express condition that the surety's liability under said bond, together with this and all previous continuation certificates, shall not be cumulative and shall in no event exceed the amount specifically set forth in said bond or any existing certificate changing the amount of said bond.

Dear Secretary McNulty,

Attached you will find our annual report as required of "all licensed and certified Electricity Providers" pursuant to Section 54.39 of the Commission regulations. The Richards Energy Group operates an electric users group and therefore does not take title to any electric power, so the sales and gross receipts for the year are 0.

NOTE to the Consumer: Electricity is the product of a mix of generation energy sources that is delivered over a system of wires. This report reflects the estimated percent of total sales based on the primary fuel source used in the generation of electricity for customer end-use in the Commonwealth of Pennsylvania. Some generators may use a combination of fuel sources, such as oil and coal or oil and natural gas, which may be combined or used alternatively. In this instance, only the primary fuel source is reported. Data may also include negative sales for pumped storage hydroelectric operations, which could require the use of any fuel source except hydropower. If any supply source includes Distributed Generation or Combined Heat and Power, the applicable categories will be marked "DG" and/or "CHP." If net metering is deployed, an asterisk (*) appears within the applicable categories. Upon request by the consumer, electricity providers are required to provide information on generation energy sources, energy efficiency, environmental impacts or personal historical billing data.

NOTE to the Entity filing this report: Please review above "Note to the Consumer" for important information needed to adequately complete this form. Verification of the anticipated generation energy source, of the identifiable resources (if and when they have been "claimed") and the fact that energy characteristics were not sold more than once, shall be conducted by an independent auditor at the end of each calendar year and contained in this annual report to the Commission. If generation energy sources are not identifiable, the provider shall disclose this fact.
